Antonoil's Oilfield Waste Management Commences Operation

Hong Kong, June 24, 2014 - **Anton Oilfield Services Group** ("Antonoil" or the "Group", HKEx stock code: 3337), the leading independent oilfield services provider in China, is pleased to announce that the Group's Oilfield Waste Management commences its first operation today in Xinjiang. The operation includes treating fracturing flowback fluid for the client.

Oilfield Waste Management is a new product line introduced by Antonoil in 2014. It offers waste management services for drilling, fracturing and production operations to reduce pollution to the environment from oil production activities. As China further raises its environmental requirements and intensifies efforts to develop unconventional resources, the Group believes Oilfield Waste Management has good growth prospects.
